International meeting of the Technical Committee OIML TC17 / SC7 Breath testers' Working Group

Author: Jolanta Wasilewska
Published by: Adam Zeberkiewicz

On 14-16 February 2018 the Central Office of Measures hosted the 6th international meeting of the OIML TC Working Group dealing with issues related to the legal metrological control of alcohol analysers.

The meeting was opened by the Vice-President of the GUM Mr. Maciej Dobieszewski. An important element of the OIML TC17 / SC7 Breath testers activity is the development and amendment of international recommendations. The OIML TC17 / SC7 Technical Committee Breath testers has developed two issues of the OIML R126 recommendation so far, in 1998 and in 2012. The Working Group is now preparing another amendment.
