

Tachographs

Published by: Adam Żeberkiewicz

The President of GUM also performs the tasks resulting from the Act of 5 July 2005 on the Tachographs (Dz. U.[Journal of Laws] No. 180 item 1494, as amended). Activity of the administration of measures within the system of digital tachographs includes:

- supervision of observance of the law,
- type approval of digital tachographs,
- issuing and withdrawing permits for conducting training within the scope of installation, including activation, repairs and inspection in terms of compliance with requirements of the ordinance of the Commission (EC) No. 1360/2010 on digital tachographs, including their calibration,
- issuing of certificates proving the entitlement to inspect tachographs.

Questions within the scope of permits are to be directed by e-mail at the following address: dc@gum.gov.pl.

Questions within the scope of exams on inspection of digital tachographs are to be directed by e-mail at the following address: dc@gum.gov.pl.
